## Member Profile – Tom Ramsay

*Contributed by Anita Hanson*

Tom Ramsay, a long-time familiar face at our open games, began his bridge career early, starting at the tender age of 12 playing with parents and grandparents. There later came a stretch when life (and a lack of available partners) got in the way... but nothing can keep an avid bridge player down, and in 1986 things got serious. That was when he joined the Milton bridge club and began playing duplicate. (It was there he first met and played with GRBC's Dave Baker, Larry Woods, and Colin Harrington. That bunch goes back a long way!) Now living in Guelph, Tom is a member of both the Guelph Bridge Club and GRBC, playing multiple times a week.

And his involvement with the game doesn't end with playing — after retiring in 2005, Tom used his extra time to become active on the boards of his local clubs, as well as the District 2 and Unit 249 boards, including terms as president. We all owe him big thanks for those many volunteer hours!

Tom was born in Montreal but left there at an early age, and has spent most of his subsequent life in southwestern Ontario. Graduating from Queen's 50 years ago with a degree in engineering, he had a long career in the tire business, working mostly in sales. He and his wife Linda who have a son living in Welland, ON, are enormously proud of their two grown grandchildren and have just celebrated 45 happy years of marriage!

Tom also finds time for other pursuits. Since he is (in his own words) too old for rugby, he enjoys following Canadian football, and keeps fit with a walking regimen. He and Linda love to travel, have done many cruises in the past, and this October are headed for London and Paris. Quiet moments find him reading, mostly books on history, as well as "no-brainer" detective fiction for a bit of mental rest time.

When asked for his favourite bridge tip, Tom doesn't even have to take time to think. It came from Charles Goren many years ago: "Play bridge for fun, and for no other reason!"

Tom is known for his many bridge adages, and it seems appropriate to end with one that could apply not just to bridge, but to life in general: "If a decision has only two chances for success — slim or none — always choose slim."

Call your friends today!

Our plea to you last month paid off in spades (and hearts, clubs, and diamonds)! We already have ten people signed up for Learn Bridge in a Day, eight people signed up for Beginners 1, and five people signed up for Beginners 2. This is a record number for this time of year. And we have you, our members, to thank!

But let's not stop now. Let all your friends, family, and organizations you belong to know that the best way to learn bridge is to start with our beginners' classes. You can pick up flyers for Learn Bridge in a Day at our club or [download it from our website](#) to post at your golf club, store, or anywhere there's a bulletin board.

## The Answer Lady

Contributed by Susan Lawton

As the “The Answer Lady” I have been responding to questions from “newer” players over the past several weeks. A request has been made to share those players’ questions and my responses in the Alert, essentially a column for the beginner player! You can write to me at [suzan2420@yahoo.ca](mailto:suzan2420@yahoo.ca).

### Question

We are four friends who continue to play online, using the hands for further discussion and review. Over the last few weeks, we have noticed we have considerable difficulty knowing when to bid to game and often miss those opportunities. We try to re-evaluate our hands, but still lack success. The hand below is one such example.

On this hand, South opened 1♠ with 12 points and I, sitting North, bid 2♠, showing spade support and six-nine HCPs. Even when I gave myself two extra points for the singleton heart, I still arrived at a total of only nine points. However, we made 4♠ with the opponents taking only three tricks: the ♥A and the ♦AK. In the play, West started out by cashing ♦AK and then, seeing the singleton heart, cashed her ♥A before leading a spade.

As the play unfolded, South was able to play two rounds of trump to remove all the trump, win additional tricks with the ♦QJ, the ♥K, and the ♣A, and then ruff the remaining tricks for 10 in total, making 4♠ - two over-tricks.

Answer Lady, can you please tell us what went wrong and how we could have bid to game on this hand.

The screenshot shows a bridge hand interface with the following details:

- Trick Count:** A red box in the top left shows the number 13.
- North (N):** 3 points. Cards: ♠87632, ♥2, ♦QJ104, ♣A105.
- West (W):** 3 points. Cards: ♠104, ♥A874, ♦AK5, ♣K864.
- East (E):** 3 points. Cards: ♠Q, ♥Q963, ♦963, ♣QJ932.
- South (S):** 4 points. Cards: ♠AKJ95, ♥KJ105, ♦872, ♣7.
- Bidding:** A central table shows the bidding sequence:
 

	W	N	E	S
Pass	Pass	Pass	1♠	
Dbf	2♠	Pass	Pass	
Pass				
- Trick Count Table:**

	♠	♦	♥	♣	NT
N	5	8	6	10	6
S	5	8	6	10	6
E	8	5	7	3	6
W	8	5	7	3	6
- Score:** 0-0. A button for 2♠ South is visible.

## Answer

Good morning, Bridge Foursome!

First of all let me congratulate you for thinking through the bidding and re-evaluation of this hand based on the heart shortness once you have identified a trump fit in spades. You are definitely on the right path.

Let's apply a different line of thinking to add to your bidding repertoire. First, you and your partner have a total of 19 HCPs. This means your opponents have 21 HCPs, actually more than you and your partner. This means that given the slightest opportunity they might enter the bidding sequence and challenge your contract. As it turns out, most of those points are held by West who did not have the right shape to overcall and chose not to double.

Secondly, your support for the trump suit is not three, not four, but five spades! Wow! Won't your partner be thrilled when your hand comes down and she sees all those spades. The suggestion here then, would be to immediately bid 4♠, rather than 2♠. Often referred to as a 'weak freak', your hand has lots of trumps but minimal points.

*The requirements for a 'weak freak' are five or more cards in support of opener's major, few high card points (no more than seven), and other distribution values such as a singleton or a void. Your partner will know what your bid means and won't get too excited, knowing a slam is not in the works. Another key message: that 4♠ also interferes with the opponents' ability to disrupt your bidding. It becomes almost impossible to bid on to the five level after that 4♠ bid.*

## Who Wore it Best?

Last week we ran the photo on the left showing Margot who came to the club on Thursday dressed in celebratory attire to mark a significant birthday milestone.

The next day, Dave Baker, who as far as we know has nothing to celebrate, got his hands on Margot's outfit and modeled it.

FOR OPEN PLAYERS

Dear David

### Christmas in Springtime

On the first board of a three-board round, our opponent opened 4♦, was doubled, and we were +800 = +100%. On the second board, we played 2♥, making four for +170. The opponents made 10 tricks in a black suit at all the other tables = +100%. On the third board, I had to say “sorry partner” twice, but I owed him a few more.

W dlongstaff 25	W N E S	E dbaker 17
♠ J9	Pass	♠ AQ7543
♥ 5	2NT Pass 4♥ Pass	♥ AQ
♦ AJ542	5♣ Pass 6NT Pass	♦ Q86
♣ QJ1084	Pass Dbl Pass Pass	♣ 52

My partner’s 2NT bid showed at least five-five in the minors with less than opening points or a strong opener with at least five-five in the minors. Imagine my excitement when I thought partner’s 2NT bid showed a balanced 20-21 HCP! I could transfer to 4♠ and then ask for keycards. I was strongly confused (and irritated) by his 5♣ bid, because he ruined my plans. I decided he was super-accepting spades by cue-bidding the ♣A. I decided to try for the top matchpoint spot by bidding 6NT. North doubled with alacrity. I finally awoke from my nap and said “Oh” to the table, by followed by “Sorry”. I thought about converting to 7♦, but I reconciled myself to a bottom. Here is North’s hand.

♠ K82  
 ♥ K10983  
 ♦ K97  
 ♣ AK

He led a heart, the queen winning. The diamond finesse lost. At this point cashing the ♣AK would have led to a sure top score, but North got greedy and led another heart. Dave ran all the diamonds (throwing the two small clubs) and with only the six-card spade suit left in dummy, he led the ♠J, WHICH NORTH DECLINED TO COVER WITH HIS KING!!! Another finesse brought in the rest of the suit. +1230 was our third 100% (totally-undeserved) board. **Cover an honour with an honour.**

When it rains it pours, but when the sun shines, it is undeniably a glorious day.

If you would like to play in a particular game but lack a partner that day, you can either:

- For both online and f2f games, log on to [Pianola](#), click on Partner Finder, and create a Partner Finder advert. This needs to be done at least a few hours in advance of the game.
- For online games only, log in to the game in question and register yourself on the Partnership Desk tab (or look to see if someone else has already registered there).

If you are looking for a regular partner, contact [Joan Slover](#), our membership lead. Please let her know what sort of game/partner you are interested in – your playing level, your available time slots, F2F and/or online, and any other pertinent information.

We have fun in **spades**.

We play with all our **hearts**.

We treat our members like **diamonds**.

We have memory problems at our **club** too.
