

## Team League Is Back!!!

If you have never had the pleasure of playing in a team game, now is the time to start!

There are only 6 or 7 game days, spread out over 3½ months so as not to conflict with other tournaments or special events. It is a Unit Championship game. In order to qualify for extra overall masterpoints at the end of the tournament, you only have to play 3 or 4 times. That is why we intend to create 6-person teams – only 4 play each day. You only play 24 boards per session against one other team, unless you are in a 3-way match against 2 teams. The winners of each match will also receive masterpoint awards.

I promise you that once you have experienced the joy of playing teams, you will want more!
